

## NEW RACE OF ESKIMOS

## A THOUSAND LIVING EAST OF MACKENZIE RIVER

Settlers Flocking into the Far North—And in Twenty Years the Great Mackenzie River Will Be Lined With Miners Homes—A Vast Country With Untold Possibilities, Still Unknown and Undeveloped.

Toronto.—Right Rev. Dr. Holmes, bishop of Athabasca, told the congregation of the Church of the Redeemer of a hitherto unknown tribe of about a thousand Eskimos living east of the Mackenzie river, and between the Great Bear lake and the Arctic ocean, a tribe which has been entirely untouched by the advance of the white man. The members of this tribe, the bishop said, were still making their living with their bows and arrows and stone implements. He had not seen them himself but in the course of a voyage down the Great Mackenzie river he had heard of them, and it was his earnest wish that the gospel should be taken to them. At present it was impossible because of a lack of funds and lack of men, both of which he hoped would soon be filled.

Bishop Holmes had a very high opinion of the Eskimos, who, he said, were in intelligence as high above the Indians as were the Japanese above the Eskimos. They were very receptive to the preaching of the gospel, and at present in the whole 1200 miles of the length of the Mackenzie river there were only two missionaries.

With the possibilities of the great district bordering on the Mackenzie, Bishop Holmes was deeply impressed. "I am confident," he said, "that in twenty years the banks of the river will be dotted with houses and many mining communities." The missionary bishop told also of the enormous influx of settlers into the newest west in the Great Slave Lake country, and the Peace River districts where there was need for twenty churches, much money and many workers. He spoke of the uplifting work the missions had been doing among the Indians, and of the difference in matter of cleanliness and intelligence between the Christianized and educated Indians and those who were still heathens. The Indian mission schools were, however, being superceded as the country they live in became settled. Several of them had been discontinued in the last few years and several more would cease in the next two years.

## WANT TO RAISE EXPRESS RATES

Railway Commission Refuses to Allow Companies' Application for Power to Raise Rates

Winnipeg.—The Dominion Railway commission at Toronto gave its decision upon application by the express companies, against which a protest was made by the shippers' section of the Winnipeg board.

The application, rates being increased, printed materials, newspapers, magazines, printed books, calendars, periodicals, cards, catalogues, insurance forms, maps, posters, sheet music, programmes, and similar printed matter generally.

What the companies applied for was to bring all these classes of matter under the merchandise rates, which would mean a minimum charge of 25¢ instead of 10¢, the limit being 50¢ for each package. If the application of the express companies had been granted, it would have meant the raising of the minimum charge from Winnipeg to Brandon, Regina, or Saskatoon, from 10¢ to 25¢ and to Edmonton and Calgary from 10¢ to 30¢. The rates would have been increased proportionately up to the 50¢ limit, on which the increase would have been as follows: To Brandon from 40¢ to 45¢, to Regina from 40¢ to 65¢, to Saskatoon from 40¢ to 65¢, and to Edmonton and Calgary from 40¢ to 75¢.

The commission has refused to allow these higher rates to go into operation. By a decision given at Toronto the commission has also refused to allow the express companies to increase their minimum charge on "returned empties" from 5¢ to 10¢.

## TO MEET IN CALGARY IN MARCH

Seventh Day Adventist Conference for Western Union to Meet in This City Next Spring

Chicago.—The dates of meetings of union conferences were fixed recently by the general council of the Seventh Day Adventists now in session here. The central and northern conferences, comprising Colorado, Kansas, Nebraska, Missouri, Wyoming, Iowa, Minnesota, North and South Dakota, will be held at Lincoln, Nebraska, January 18 to 28. The western union conferences, composed of Manitoba, Alberta, British Columbia and Saskatchewan, will meet at Calgary March 6 to 19.

The Lake union conference, composed of Indiana, Illinois, Wisconsin, and Michigan, at Milwaukee 18 to 28. The Canadian union conference, composed of Quebec, New Brunswick, Nova Scotia, Ontario, Prince Edward Island and Newfoundland, at Toronto, June 27 to July 8.

## TURKS AROUSED TO FIGHT

The War With Italy Will Be Continued With the Fiercest Intensity

Constantinople.—The Turks are so aroused that efforts at peace by the powers are a complete failure. The war will be continued with greater intensity. While the danger of terrible events increases daily the committee of union and progress has forced the government to levy a duty of 100 per cent. on all Italian goods. It may follow this by re-opening the question of the expulsion of tens of thousands of Italians. Compelling the government to yield to such action certainly would bring the Italian fleet into Turkish waters, and might lead the Balkan states to strike the Turks simultaneously.

## REVOLUTION IN CHINA

The Chinese Empire in the Throes of Revolution

London.—A special from Pekin says 2,000 soldiers of the third and sixth divisions and the second mixed brigade, composing the second army for the Yangtze campaign, have given the regent the opinion of accepting immediately their demands for a complete constitutional government, or, failing, an attack on Pekin from their station at Lanchau, which is within striking distance of the capital.

The national assembly at a secret session endorsed the terms and formally memorialized them to the throne. The demands are prefaced by the declaration that the troops will uphold the dynasty if the provisions set forth are granted. The demands include the promulgation of a parliament with power to revise the constitution of the army and navy special bill, that the emperor no longer shall have absolute power with respect to life and death; that political prisoners shall be pardoned; that a responsible cabinet and premier shall be chosen by the assembly, and that a royal forever shall be ineligible to serve in the cabinet. The presentation of the memorial caused a great sensation at the palace.

A telegram received from Admiral Sal, according to the same despatch, says that the navy will desert unless there is a political change.

A despatch from Hankow says the foreign residents are considered to be in some danger. Accordingly, the foreign warships have landed extra guards and resident volunteers are patrolling the streets with a machine gun.

Americans are attending the most seriously wounded of the imperialists who fell in Friday's battle, in which the rebels were completely outnumbered and outmaneuvered.

A special from Pekin says that the imperialists advanced to attack Han Yank. The result thus far is not known. Yuen Shi Kai has asked the throne permission to enroll 120,000 more soldier.

Pekin, China.—The situation at Pekin is becoming worse. A veritable panic prevails among the Manchus, and the Manchu women are adopting Chinese dress and attempting to make their feet appear smaller by peculiarly constructed shoes. Trains leaving the capital for the most part are drawn by two engines, so heavy are they loaded. The people are sitting on top of their household belongings. Officials are seeking asylums for their wives and children among the fortresses.

The natives now are fleeing to the foreign settlements for support. One newspaper representative states there would be an outbreak but for the presence of 15,000 Manchu troops against 3,000 Chinese temporarily ensuring the safety of the capital.

The only danger seems to be from a sudden attack against the throne, or against the officials which might precipitate the threatened massacre by the Manchus.

## ADMIRAL TOGO'S TRIP

It Led Him to Appreciate the Hospitality of the Canadian Pacific Ry.

On his return trip from England, which he attended as one of the suite of the imperial Japanese delegation to the coronation, Admiral Count Togo travelled across Canada by the Canadian Pacific Railway—which had been called the "Alliance Route," and was, therefore, rather appropriately chosen on this occasion by this distinguished representative of an embassy between the allies. By instruction of the president of the Canadian Pacific Railway Company, Sir Thomas Shaughnessy, Admiral Togo was the guest of the company throughout, and every effort was made to make his trip pleasant.

The Admiral took the private car "Canada" at Niagara Falls, proceeding to Banff and thence to Vancouver. The "Canada," it should be explained, was the car specially built for the present King and Queen of England, a few years ago, when they made their notable Canadian trip.

On arrival at Vancouver, Admiral Togo telegraphed to Sir Thomas Shaughnessy his heartfelt thanks for the services and arrangements accorded him on the Canadian Pacific Railway, and assuring the president that his trip had been exceedingly pleasant.

It is evident that such indications of a broad spirit of hospitality as that shown by the Canadian Pacific Railway on this occasion make materially for the promotion of pleasant international relations, and Admiral Togo is only one in a long list of distinguished Japanese who have thus travelled over the Canadian Pacific. Indeed, it may confidently be stated that attentions of this kind to one so much respected and beloved as Admiral Togo are deeply appreciated in the highest quarters in this country—Japan Gazette, September 26.

To Fly Across the Atlantic

Toronto.—L. C. Van B. Every, of Toronto, is to be one of a balloon party which is to make an effort to cross the Atlantic in a dirigible, starting out from Atlantic City. The Canadian government has been invited to send a representative. The test flight will be made in a dirigible designed by F. A. Seiberling and christened "Akron." It is of such a character as to be easily controlled, which will permit of the height of the ship being regulated.

Lord Strathcona's Art Gift

London.—Lord Strathcona has presented to the British Museum Lord Nelson's "Victory," a handsome painting representing the British Fleet leaving Gibraltar in 1872. The King, on being notified of Lord Strathcona's act, telegraphed his appreciation of the generous gift.

To Give Wife Deserters a Job

Winnipeg.—A movement is now on foot here for the formation of a penal farm upon which to work out vagrants and wife deserters. The project has several friends in the city council, and a determined effort will be made to secure the necessary legislation.

## COAL STRIKE SETTLED

THE LONGEST STRIKE OF DOMINION SETTLED LAST WEEK

Miners Return to Work This Week—Terms of Agreement Meet With the Approval of Both Parties—Hon. Robert Rogers, the New Minister of the Interior, a Factor in Bringing About a Satisfactory Settlement.

Lethbridge, Alta.—At last the good news has arrived. The long drawn out coal strike is at an end. Within a few days a new agreement will have been drawn up and signed by both sides, every mine affected will be humming in lively fashion in a week. For the past three weeks both parties have been on the verge of a settlement and both parties got together for a conference at which Hon. Robt. Rogers was present. The whole matter was gone thoroughly into. One of the miners' executives stated that everything was satisfactory shape for final deliberations which will assuredly result in the execution of an agreement between the parties.

The whole matter is to be submitted to a referendum vote of the various miners' unions but the basis of settlement will be very satisfactory to them.

The basis of settlement is said to be the Gordon award as to wages and recognition of the check system. Slight changes in the wage schedule, particularly as regards contract work. The agreement is for a term of two years.

Hon. Robert Rogers was particularly delighted with the outcome of the conference, as were the representatives of the men and operators.

## CROSSING THE GREAT DIVIDE

Three Weeks Will See the National Transcontinental Over Summit

Edmonton.—The crossing of the Great Divide with steel on the National Transcontinental Railway will be an accomplished feat within the next three weeks, if no hitch occurs in the arrangements of the construction department of the G. T. P., which is now shipping supplies to Fitzhugh for another twenty miles of line, which will move the steel head from a mile and a half west of the mountain divisional point to three miles beyond the summit of the Yellowhead.

It is probable that the track-laying machine will resume operations west of Fitzhugh in the course of another week. The grade through the mountains is practically completed and ready for the steel, steel rails and ties to the present head of steel.

Freighters are now passing through the country every day with loads of construction supplies. They are using a wagon road that has been constructed jointly by the B. C. government with a view of aiding its settlers and the railway contractors, Foley, Welch and Stewart.

It is probable that with the opening of navigation on the Fraser next year thousands of tons of supplies for settlers, prospectors and railway engineers in Central British Columbia will go in from Edmonton, through the mountains and down the river to various points in steamers and in scows.

## DR. COOK IS MOBBED

Riotous Scenes Enacted When "North Pole Discoverer" Tried to Lecture

Copenhagen.—Dr. Frederick Cook's attempt to vindicate his reputation by a lecture in the hall where two years ago he addressed the Royal Family and some of the most prominent people of Denmark under the direction of the Geological Society on the occasion of his triumphal entrance into the capital, resulted in extremely riotous scenes, and he finally was compelled to retire ingloriously by the back door.

Ever since it was announced that Cook was returning to this city to lecture, the newspapers and the people have been aroused, and threats of violence were freely circulated.

Fifteen hundred persons assembled in the hall, and a great crowd outside greeted Dr. Cook with an uproar of insulting cries. He was escorted by police, and no violence was attempted.

The meeting within the hall was turbulent throughout. A small fraction of the audience supported Dr. Cook and applauded his efforts.

Others hissed continually with the result that the two sides almost came to blows.

Dr. Norman Nansen, the Danish explorer, who formerly supported Cook, started the trouble by loudly denouncing Cook as a swindler.

The climax was reached when an alleged picture of the north pole was thrown upon the screen. The audience was so hostile that Cook stopped his lecture and withdrew. He was escorted by a strong detachment of police to his hotel.

Bull Kills Woman and Guards Body

Elphinstone, Man.—The mystery of the missing Galician woman has at last been cleared up. The body was found not far from her home but tramped and torn into an almost unrecognizable mass.

Standing near her was the cause of her death, an infuriated bull. The animal had evidently stood guard over the body of his victim for two weeks, and when discovered returned to his position beside it. The woman had frequently gone out armed with a pitchfork, when searching for the cattle, though she was aware it was a dangerous animal.

Goderich, Ont.—The schooner Azor was wrecked off Saginaw Bay recently and the crew forced to take to the boats.

Cornwall, Ont.—The grand jury has returned a true bill against F. D. McRae, charged with the murder of William Clark, of Carp, Ont.

Mexico City.—Lapalat's followers almost destroyed the town of Melita, Alta., by dynamite recently.

## A MESSAGE OF THANKSGIVING

(By Bishop of Calgary.)

Canadians All Over the Dominion Have Reason For Thanksgiving

A feeling of the deepest thankfulness to Almighty God for the multitude of His tender mercies, and for His great goodness to us, and to our highly favored land, should agitate Canadians all over the Dominion at this time.

There has been a great harvest; there is abounding prosperity. We are a part of the mightiest, the most Christian empire the world has ever seen. While we must be profoundly conscious of our unworthiness, there is the fullest opportunity to try to measure up to all our responsibilities. God can, if we would let Him, teach us all we ought to be. He can teach us to sow in tears that we may reap in joy. He can train our hands for war against injustice and wrong, against ignorance and prejudice, selfishness and greed; and our fingers to fight for whatsoever things are true, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, and whatsoever things are of good report.

"Let us give thanks to Him; let us praise His name; let us use our influence that no part of our land shall be unfit for Him to walk in; that He may guide and direct and love and bless His people."

"We thank Thee then, O Father, as the Mecca for the artisan and laborer. Our material development is unprecedented. A flood-tide of national prosperity, unparalleled in our history, is rolling in with promise to every class, and interest. And, more than all, philanthropic and religious activities are astir throughout the nation as never before. There is a recognition of God evinced in the very fact of a national Thanksgiving Day. And if a general recognition of God is more and more marked, if the practice of righteousness and true brotherhood is increasingly manifest in our political and industrial life, our people will have continued prosperity and contentment, and the foundations of the nation will be secure.

For all things bright and good, The seidtime and the harvest, Our life, our health, our food; Accept the gifts we offer,

For all Thy love imparts, And what Thou most desirest, Our humble, thankful hearts.

Our glad gifts around us Are sent from heaven above,

Then thank the Lord, O thank the Lord,

For all His love."

## INDICTED FOR MANSLAUGHTER

Coroner's Jury Hold Leine and Nein Responsible for the Trunk Which Contained Deadly Chemicals

Lacombe, Alta.—That Everett G. McLeod came to his death from injuries received from the explosion of a trunk in the baggage room of the C. P. R. depot at Lacombe on the evening of October 12, 1911, and from evidence produced it is the opinion of the jury that the trunk causing the death of the said Everett G. McLeod was checked over the C. P. R. was checked over the Red Deer to Lacombe by Henry Leonard Nein and Harry Leine.

The above is the verdict of the coroner's jury on the death of the C. P. R. baggeman, who was killed in the explosion which wrecked the depot here on the 12th inst. Bickford, the assistant baggeman, who was also severely injured at the time, was able to leave the hospital and appear before the jury. He is still very weak and suffers from the severe burns received. His evidence was with reference to the trunk which exploded and which was taken off the train by him on the evening of the accident.

Several other witnesses were called with reference to the trunk, the most damaging evidence to the parties under arrest being given by the baggeman at Red Deer to Lacombe, who identified positively Leine and Nein as being the parties who checked the trunk from Red Deer to Lacombe.

From evidence brought out the trunk contained a large amount of potassium chlorate and magnesium metal powder.

Leine and Nein were taken to Fort Saskatchewan by the R. N. W. M. P. to await a preliminary trial on a charge of manslaughter.

## OIL FOR C. P. R. ENGINES

Mountain Section of Road Will Introduce New Feature in Fuel

Montreal.—The Canadian Pacific railway announce that it has definitely decided to use oil as fuel in their mountain engines.

Geo. J. Bury, vice president and general manager of the Canadian Pacific Railway, when asked regarding the above despatch, confirmed the report and stated that just as soon as changes could be made in the engines and oil tanks installed, the company would use oil in their mountain engines.

He stated the project to be quite feasible and intimated that it would be carried to completion as soon as the Manitoba boundary question was settled.

Sir William Mackenzie is expected in Winnipeg shortly to confer with the capitalists who are financing the proposed railroad to Hudson Bay. If the C. N. R. takes up the work it is said that the line will go from Winnipeg east of Lake Winnipeg.

## WILL CONSIDER PRICE FOR MAIL CARRYING

Ottawa.—At a meeting of the board of railway commissioners on November 7 consideration will be given to the question of remuneration to be paid railway companies now carrying mails in the post office department of Canada.

## GOV. GENERAL TO VISIT HAMILTON

Hamilton.—The Duke and Duchess of Connaught have notified Mayor Lee that they will visit Hamilton on Nov. 31, remaining over night.

## CANADA AND EMPIRE

**COCKSHUTT**  
Plow Company Limited

**COCKSHUTT PLOWS**  
Meet with the approval of every Farmer who has  
investigated the plowing question THOROUGHLY.

**AGRICULTURAL IMPLEMENTS**

**WINCHESTER**

### Self-Loading Shotgun

12 GAUGE, MODEL 1911

This new Winchester has all the good points of other recoil operated shotguns and many distinctive features and improvements besides. Among them are Nickel plated components which insure maximum safety; and a reloading system that will handle all safe loads without readjustment.

See our Sales Dealer or write to the Winchester Repeating Arms Co., New Haven, Conn., for full details.

IT WORKS WELL WITH ALL LOADS.

## EDDY'S MATCHES

Eddy's "Royal Geeps" combine Safety, Surety and Silence in Matches and Seal at about 1,000 for 10 cents. There's nothing "just as good."

Cover Canada Like Sunshine!

**CHALLENGE WATERPROOF COLLARS**  
The Best Ever Made. Guaranteed to keep water out. Send us \$1.00. State size & size required.  
The Arlington Co. of Canada, Ltd.,  
58 Fraser Ave.,  
Toronto, Ontario.

**Our Fine Catalogue**  
is now free on request. Write for it to you and get a notion of a College Course in Business.

W.H. Shaw, Pres. E.R. Shaw, Sec.

## TOWN AND DISTRICT

Mr. and Mrs. Joe Doddridge are  
arranging over the arrival of a son  
at their home on October 11th.  
Mr. and Mrs. W. J. Dodds are  
happy in the arrival of a daughter  
home of her mother, Mrs. Wm.  
Service, Gleichen.

Mr. and Mrs. L. L. Lally, Alz will  
hold a busy work and Labor camp  
July 26th Saturday afternoon,  
November 10th, in Mr. Service's  
Eldorado Hotel, Gleichen.

Rev. Mr. Kirby, of the Mount  
Royal College at Calgary, delivered  
a very interesting address in the  
Gleichen Hotel on Friday evening  
before a large congregation. His  
remarks were on the subject of  
the present condition of the  
Church in a very wide and intelligent  
manner. He also gave a short talk  
on the advantages of the new col-  
lege.

A few supper will be held in the  
Mechanics and Ladies Institute on  
Wednesday evenings, to be presided over by  
the Methodist Ladies Aid. For  
particulars in a later issue.

Mr. B. Hall arrived home  
Friday evening from a long trip  
visiting the West Coast and the  
united states, having been in  
Alberta for a month. He speaks  
very well of the new country, his  
courage and while eloquent and var-  
eastic does not do justice to his  
abilities. When he next speaks in  
Gleichen he is sure of a big audience.

The Institute dance to be held on

Tuesday next promises to be

a success, and a half invitation night

when all members will be entitled

to bring a guest.

It is desired to make a

large a social success in order

to show the advantages of the Institute.

John Finnigan arrived in town

Sunday from his ranch on the Red

River, with a large load

of cattle which he sold to Mr. Bartels.

It is almost a year since

Mr. Finnigan did not visit Gleichen

but he has been here several times

since he came back to town.

He says this is the first time

he has been here since he left

the vegetables he has over seen, and

their crops generally were good.

Mr. and Mrs. G. A. Anthony  
arrived home Saturday evening  
from the Ogallala Alberta, enroute  
for a trip to California and every

Chinese should do his or her utmost

to see him while young ladies

read their books.

Mr. and Mrs. G. A. Anthony  
arrived home Saturday evening  
from the Ogallala Alberta, enroute  
for a trip to California and every

Chinese should do his or her utmost

to see him while young ladies

read their books.

Mr. and Mrs. G. A. Anthony  
arrived home Saturday evening  
from the Ogallala Alberta, enroute  
for a trip to California and every

Chinese should do his or her utmost

to see him while young ladies

read their books.

The ladies of St. Victor's church

are holding a bazaar on Saturday

to aid in the purchase of a piano.

The first of these attractions will

be a piano given by Miss E. Brown

and E. Gibson on Friday evening

November 10th, in Gleichen Hall.

Enriched with a short musical

program, a candy and refreshment

table, and a general sale of

articles of interest to the children.

Full particulars will be published

in a later issue.

The boys have been very

entertained at the hall this year and only enjoyed a very

few of the local bands, but quite

numbered the pleasure of the

house of Mr. and Mrs. Aron.

The principal entertainment,

was the ringing of the English

chimes which were a great success.

Which have a few of the old folks

out now and about.

Of course there are a few old codgers

who cause as much trouble as they

get up.

Mr. Bond Griesbach informed us

that he had completed arrangements

with Madame Sherry's Co. to provide

that hand spangled musical

instruments in Gleichen

and the surrounding districts.

It will be either the 17th or 18th

of November.

The spiritual reputation

of this place will be mainly

due to the fact that it is

more than twice as large as

Gleichen.

Good coal

anyone wishing Good Coal at

the moderate Price of

\$3.00 per Ton

can get it at the Mine operated by

the Royal Farming and Develop-

ment Co. in See. 29, Twp. 28, Rge. 21

The Liberal meeting Saturday

evening addressed by Geo. P. Clark  
and Mr. C. Campbell, the movement of

Selkirk was well attended and proved

very interesting. The chair

was occupied by Prof. T. H. Beach

and Mr. G. C. Curran, who

had spoken at the meeting in

Gleichen. Mr. Clark spoke

to a large audience.

Mr. Clark was a man of

great ability and knowledge.
